

AutoCAD 2007/8 to 2012 2D Update

Course Description:

This course provides AutoCAD 2007/8 software users a thorough understanding of the new and enhanced 2D draughting features offered in the AutoCAD 2012 product. Students learn how to significantly improve 2D drafting productivity by using the new 2D Drafting and Annotations tools, workspace, Ribbon and CUI.

Who Should Attend:

AutoCAD users who have upgraded to AutoCAD 2012 but have learned or previously used R2007/8.

Pre Requirements:

Student should have a good working knowledge of 2D draughting in AutoCAD 2007 or 2008.

Objectives:

The primary objective of the course is to introduce the additional and enhanced features for 2D draughting introduced into AutoCAD R2007, 2008, 2009, 2010 & 2012. New 3D features are not covered.

Course Content:

- The AutoCAD Ribbon
- • Dynamic Input
- • Using Workspaces
- • Customizing Toolbars
- • Quick Properties
- • Dimension improvements
- • Annotation Scaling
- • Text enhancements
- • Layer Properties Manager
- • Joining Objects
- • Drawing Recovery
- • Object Transparency
- • New Hatching features
- Layout enhancements
- • Data Extraction
- • Attaching PDF Files as Underlays
- • Parametric Drawing
- • Action Recorder
- • Dynamic Block
- • Quick View
- • Dynamic Attribute Extraction Tools
- • Temporary Override Keys
- • Table Data
- • Geometry Calculator
- • Polyline editing

Course Duration:

This is a one-day course.
